

About Orbital Automation Ltd

Orbital Automation Ltd horizontal continuous motion cartoning machine is fully servo driven, highly flexible, cost-effective, and robust cartoner. The continuous motion modes allow compact layouts and simple change-overs. It features easy change-over, several closure systems and product feeders to ensure guaranteed performance.

Orbital Automation Ltd is the leading manufacturer of Horizontal Continuous Motion Cartoning Machine in the UK. Orbital Automation Ltd is an Orbital Group company which has 35 years of extensive experience in manufacturing and supplying special purpose machines. Our innovative Horizontal Continuous Motion Cartoning Machine is developed and optimized for a varied range of diverse applications in numerous industries like personal care, chemicals, pharmaceuticals, healthcare, food products, home care, cosmetics, adhesives, paint and many more. We provide turnkey solutions to our clientele supported up by our unmatched service and customer support.

Horizontal Continuous Motion Cartoning Machine

**World class manufacturers and suppliers of
Horizontal Continuous Motion Cartoning Machines**

**Extremely Reliable and Precise Cartoning Machines Specially Designed to Meet
Your Unique Cartoning and Packaging Needs.**

Horizontal Continuous Motion Cartoning Machines (OHCM - 120)

Specifications

Model Name/Number	OHCM - 120
Optimum Speed	120 Cartons Per Minutes
Type	Horizontal Continuous Motion 120 Cartoning Machine
Output (Tubes/Hour)	120 to 140 Tubes Per Minutes
Carton Size - Min.	16 mm X 16 mm X 90 mm
Carton Size - Max.	54 mm X 72 mm X 200 mm
Carton Rejection	0.2 % to.5 %
Power Consumption (Min-Max)	4 Kw to 6 kw
Air Consumption (Min-Max)	4kg/Cm2 to 6kg/Cm2
Machine Dimension	Length -16 Ft Width - 6 Ft 6 Inch Height - 6 Ft
Weight	3000 Kgs
Automation Grade	Automatic
Product Type	Tube/ Soap / Bottle Blister / Pouch / Goodnight Coil.
